

## Publishing

Whether online or print, we can publish your regular or one-off piece of communication effectively and professionally. Our major publishing activities include the magazine-style yearbook Faroe Business Report -- The International Review of Faroe Islands Industry and Trade, which we have published and produced yearly since 2005. This publication has become widely recognized as a leading information source in its field, offering a quick yet comprehensive overview of the Faroe Islands' industrial exports and business environment.

Another successful item is the 384-page coffee table book Images of Fishermen: The North Atlantic, (GlobalOne Press, Aberdeen 2006), a photographic feast highlighting Greenland, Iceland, Faroe, and Shetland fisheries.

Other titles are underway, and will be announced as they are published.
